Task 2

After having finished task 1 and divided the word-groups (A, B, C and D) among you in a group of four come up with a story using at least 12 of the words in the box (but try to use them all). You have about 5-10 minutes to prepare your story and you can make notes if you want to.

Tell the story to each other in the group. Begin with: "Ones upon time there was ... " (e.g. ... an inconspicuous mason who grew up in a bilingual family in a dilapidated condominium. ...)

When finished give the explanations to five of the words of your choosing and ask the other group members to give you the word in question. The first one who answers gets a point.

Good luck! / Kristian.
